Connect **Telegram reports** (More  Telegram reports): the day's report every evening.

Put the **Telebirr and CBE accounts** in exactly as on the receipts.

Show your cashiers the Inbox on day one.

Stuck? More  **Gebi support**: a real person helps, in Amharic.

**Example:** Almaz registered her café at 9 in the morning. By 10 her 4 staff had PINs, 40 items were in, and the first Telebirr payment of the day was already a sale with Hana's name on it.
