My Gebi · ገቢ

New in My Gebi 0.9.51

Update the app: the green bar at the top, or mygebi.com/get

What is new (1)

- Pay by QR: after choosing the items, long press the total to show your Telebirr QR (swipe for CBE); the sale saves itself when the payment arrives.
- A bell for notifications.
- Change your phone number safely from Settings.

What is new (2)

- Ready list items can be added without a price (a Check price reminder).
- Two new colours.
- Full screen on PC (F11).
